TABLE OF CONTENT

PAGE 6-8

SOFTWARE

Unlock enterprise efficiency with our tailored software solutions. Streamline workflows, optimize resources, and empower data-driven decisions for sustainable growth and productivity.

PAGE 9-19

PRODUCTS

Empower your enterprise with our advanced terminals and smart devices. Seamlessly integrate technology into your operations, enhancing efficiency, connectivity, and productivity for a competitive edge.

PAGE 20-24

INDUSTRIES APPLICATION

Leading the charge in digital transformation, enterprise industries are embracing innovative digital solutions. Enhancing efficiency, competitiveness, and agility to thrive in today's dynamic business landscape.

INTRODUCTION

Welcome to the Digital Product Catalog

Exploring the Latest Technological Innovations

Welcome to the Digital Product Catalog, your portal to cutting-edge technology solutions. Within these pages, we proudly present a diverse range of products sourced from leading companies, inviting you to delve into the realms of innovation, functionality, and convenience.

Discover Our Featured Products

Inside this catalog, you'll encounter a remarkable array of products designed to cater to various needs and industries. From communication solutions to rugged smartphones and advanced safety equipment, we've thoughtfully curated a selection of offerings that epitomize the forefront of technology.

Engage with Industry Leaders

Our esteemed exhibitors, including PTT360, EquipScan, WizyEmm, WizyVision, Hexnode, and Vewell, have brought their finest products into the spotlight. Each product is meticulously crafted to empower individuals and businesses, ensuring your ability to thrive in a dynamically evolving digital landscape.

Embark on Your Digital Journey

Whether you're a tech enthusiast, a professional seeking the latest tools, or a business owner looking to optimize operations, this catalog serves as your compass. Immerse yourself in the world of innovation, acquaint yourself with groundbreaking features, and make well-informed decisions tailored to your specific needs.

Contact Us

For inquiries, pricing details, or additional information about any of the products showcased in this catalog, please don't hesitate to reach out.

You can contact us at Phone: +65 6011 6890 or via Email: enquiries@comm360.biz.

We extend our appreciation for accompanying us on this journey through the Digital Product Catalog. It is our hope that you discover both inspiration and practical solutions to enhance your digital experiences.

ABOUT US

Comm360: Transforming Workflows, Empowering Frontline Teams

At **Comm360**, we specialize in revolutionizing the way companies operate in demanding industries such as oil & gas, chemicals, energy, and more. As a trusted partner in **digital transformation**, we deliver end-to-end solutions that empower frontline teams to work smarter, safer, and more efficiently.

Our solutions combine cutting-edge **hardware**—like rugged explosion-safe smartphones and tablets—with innovative **AI-driven software solutions**, including our strategic partnership with **WizyVision**. Together, we deliver **customizable AI-powered applications** that eliminate paperwork, enhance safety, and optimize productivity. From real-time data collection to automated workflows, WizyVision ensures your operations are streamlined and future-ready.

Comm360 is proud to be the exclusive distributor of world-class brands like **Conquest**, ensuring our solutions meet the most stringent safety and performance standards. Whether it's enabling real-time communication in hazardous environments or digitizing operations with advanced workflows, we provide tools that adapt to your business needs.

With a robust presence across Southeast Asia and beyond, and over 12 years of expertise, we solve real-world challenges faced by frontline teams:

- **Safety Concerns:** Mitigate risks with certified explosion-proof devices and seamless safety workflows.
- **Inefficiency and Downtime:** Leverage our digital solutions to eliminate redundancies and reduce human error.
- **Data Accessibility:** Empower decision-making with real-time, AI-enhanced data, accessible anytime, anywhere.

At Comm360, we believe in **partnerships that drive transformation**. Our collaboration with **WizyVision** enables us to bring cutting-edge solutions tailored to your operational challenges, ensuring your company stays ahead in a competitive landscape.

Join the many organizations who've trusted Comm360 to achieve cost savings, operational excellence, and a safer workplace. Together, we'll unlock the full potential of digital transformation to drive your business forward.

Visit us at www.comm360.biz to learn more.

TRANSFORMING INDUSTRIES

Revolutionizing Industries through Cutting-Edge
Digital Solutions: The Future of Enterprise
Transformation Starts Here.

BEST SOLUTIONS

PTT360 PUSH-TO-TALK

Transforming instant communication with real-time voice on cellular networks.

1-To-1 or 1-To-Many Push-To-Talk

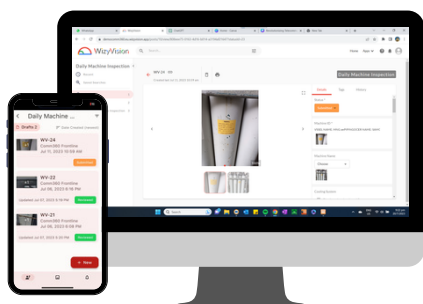

GPS Monitoring

Multi-Media Messaging

SOS Alert Notification

WIZYVISION

WizyVision offers code-free app development, AI-based text/image recognition, and secure digital asset storage solutions.

Application Builder

Automated Engine

AI-Powered Vision Scanner

Digital Asset Center

WIZYEMM

Streamlining mobile device management with security, app control, remote access, and real-time insights for an efficient, secure enterprise.

Android Mobile Security

Dashboard and Smart Analytics

Geofencing and Geolocation

Mobile Application and Device Management

DISCALIMER: SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.

BEST SOLUTIONS

Supported Platform

HEXNODE UEM

hexnode uem

Hexnode UEM is an award-winning Unified Endpoint Management solution adopted by businesses to manage endpoints from a centralized console.

- Unified Endpoint Management
- Identity and Access Management
- Enterprise Mobility Management
- Mobile Device Management
- Remote Monitoring and Management
- App Management

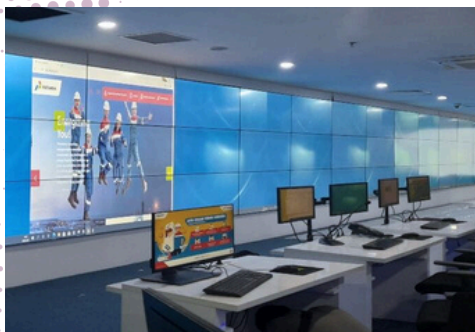

DIGITAL TOUCHSCREEN TV

Vewell

Elevate your presentations with precision on Vewell's advanced digital touchscreen tvs. Available in 3 sizes (55" / 65" / 86").

- Dust-Proof and Moisture-Proof
- Top-Class Video Processing Chips
- Professional and Interactive Display
- High Definition

LED DISPLAY PANEL

Vewell

Transform your content with VEWELL's stunning LED display panels, delivering vibrant and captivating visual experiences

- High Definition
- Energy Efficient
- Adaptable for Indoor and Outdoor
- Durable and Weather-Resistant

INDUSTRIES APPLICATIONS

Here's how these technologies are being integrated into various industries.

INDUSTRIES APPLICATIONS

HOSPITALITIES

PTT360 helps hospitality staff coordinate efficiently. AI forms can streamline guest requests, and MDM software manages devices used for guest services.

SECURITY

Security personnel benefit from PTT360's quick communication for incident response. AI forms can aid in incident reporting, and MDM ensures device security.

LOGISTICS AND TRANSPORTATION

Delivery and logistics teams rely on PTT360 for quick coordination. AI forms can aid in inventory tracking, and MDM keeps devices secure.

MANUFACTURING

PTT360 ensures real-time communication on the factory floor. AI forms may assist in quality control, and MDM manages device settings.

INDUSTRIES APPLICATIONS

RETAIL

Large retail stores use PTT360 for stock management and security. AI forms can streamline inventory checks, and MDM ensures device security.

PUBLIC SAFETY

PTT360 enhances communication for emergency services. AI forms may assist in incident documentation, and MDM ensures secure devices.

EVENT MANAGEMENT

Event staff use PTT360 for efficient coordination. AI forms can simplify attendee feedback collection, and MDM manages event devices.

CONSTRUCTION

PTT360 systems enable construction teams to have instant, secure communication. AI forms can be used for data collection on-site, and MDM software ensures device management and security.

INDUSTRIES APPLICATIONS

EDUCATION

PTT360 can be used for campus security and coordination. AI forms may assist in school record-keeping, and MDM ensures device security.

MINING

PTT360 is vital for underground communication. AI forms can aid in safety inspections, and MDM ensures device reliability.

SEARCH & RESCUE

PTT360 helps coordinate search and rescue efforts. AI forms can assist in documenting search areas, and MDM ensures device readiness.

AGRICULTURE

Farmers use PTT360 for crop and equipment coordination. AI forms can streamline crop data collection, and MDM ensures device reliability.

INDUSTRIES APPLICATIONS

MILITARY AND DEFENSE

Advanced PTT360 systems are crucial in military operations. AI forms may assist in data analysis, and MDM ensures secure communication devices.

MARITIME

In maritime activities, PTT360 ensures reliable vessel communication. AI forms may aid in navigation data, and MDM ensures maritime device security.
